Education

Pondicherry Engineering College   *Pondicherry*
BTech in Computer Science   *Aug 2018 – Jun 2022*
GPA: 8.6

Experience

HP RnD   *Pune*
Intern   *Feb 2022 – Present*
- Responsible for building microservices for HP Active Care project
- Implemented a feature that improves error logging without the burden of hours of debugging
- Worked on customer bugs related to data mismatch and duplicate data
- Performed bulk testing and wrote JUnit unit tests to test the features implemented
- Had exposure to Spring Boot microservices, AWS services like SNS, SQS, S3, Cloud Watch, Elastic Search and a great team

TechnoSprint   *Remote*
Intern   *Sep 2020 – Dec 2020*
- Responsible for handling the clients from different countries and building websites using HTML, CSS, JavaScript for them as per their requirements

Skills

	C, Java, JavaScript, Python, TypeScript
Web Development:	HTML, CSS, ReactJS, NodeJS, ExpressJS
Databases:	MySQL, MongoDB
Deployment and Development Tools:	AWS, Heroku, Postman, Git, GitHub
Core Subjects:	Data structures and algorithms, OS, DBMS, OOP, Computer Networks

Projects

YelpCamp   *HTML, CSS, Bootstrap, JavaScript, NodeJS, MongoDB, Git, Heroku*

A full-stack website where the users can find places to camp all over the world with an integrated map pointing a pin to all the location. The users can create an account to post a new camp with description about it and comment, give rating for campgrounds   *https://tranquil-beach-92340.herokuapp.com/*

Color Palettes   *ReactJS, JavaScript, Chrome Picker*
A color palette app where the users can find color palettes with a great range of colors and can copy the color code in various format to their clipboard. The users can also create their own color palettes which will be stored on their browsers local storage.   *https://react-coolor-picker.netlify.app/*

Chat App   *HTML, CSS, Bootstrap, NodeJS, Socket.io*
A simple chat application built upon client-server architecture using socket.io, node, express.   *https://fathomless-spire-87223.herokuapp.com/*

Awards

Oct 2020   **Best Employee of the month**, Recognized for creating website exactly as per client's requirements and good feedback from client for me   *TechnoSprint*
